THE SAFEST AND MOST
SATISFACTORY TIRES
AND THE SPEEDIEST AND
SUREST MACHINE YOU
CAN OBTAIN ARE THE

VICTOR

Durability of tires means economy as well as satisfaction; so does speed in applying them, and economy implies dollars.

Our percentage of replacements is absolutely the smallest on record among rubber tire manufacturers, and yet our prices are right.

If there is anything more you want we have it in the shape of a complete line, embracing the most attractive designs, of

Carriage Matting AND Perforated Mats.

We can furnish any ordinary width, whether ending in even or fractional inches, in either bordered mats or roll matting without border, and thickness to suit your needs. Perforated mats made to pattern for automobiles. Our mats, like our tires, wear ON while others wear OUT.

THE ONLY EXCLUSIVE ACCESSORY TRADE PAPER

The Carriage Monthly

Edited to
Entertain
the Mfrs.
of
Vehicles
Only.

All advertisements confined to accessory parts or that which enters into the Vehicle's construction. * * *
EVERY COPY therefore goes to a buyer of accessory goods. No division of circulation. * * * * *
A strictly Accessory-Man's paper to advertise in for reaching buyers of accessory goods. Send for rate. *

THE EXCLUSIVE CARRIAGE BUILDER'S ADVERTISING MEDIUM

The Vehicle Dealer

Its entire circulation confined exclusively to buyers of finished vehicles. * 20,000 circulation per month.

The
Only
Paper
of Its
Kind in
Existence.

The greatest avenue between the *
BUILDER and the DEALER.

Ten Thousand Carriage Dealers Read The Carriage Dealers' Journal EACH MONTH.

Because the Carriage Dealers' Journal is received and read by carriage and harness dealers exclusively, and
Because it reaches only the better class—the men to whom it will pay you to talk, and
Because it has the largest paid circulation of any trade paper in the field, and
Because it is the official organ of the largest and most representative dealers' association in the country—therefore

THE Carriage Dealers' Journal

is easily the best advertising proposition in the field to-day.
Advertising rates and proof of circulation sent on request.

A. V. WILLIAMS, Cincinnati.	A. G. WRIGHT, Milwaukee.
R. L. POLK, Detroit.	THEO. F. SMITH, St. Paul.
W. O. FOOTE, Atlanta.	

Secretary's Office, 21 University Place, New York.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

STEEL and CAST, for the trade and makers
Grand Crossing, Chicago, Ill.

The Diamond M Malleable Skein

THE BEST SKEIN
EVER PUT ON THE
MARKET.

This skein is made of the best quality of malleable iron. The metal is stiffer and more rigid than the steel skein. They are all uniform in size and much easier to fit. We make a short skein on the same principle. Our skein has been introduced by a number of the largest and best known wagon makers in the United States and the leading jobbers all over the country are handling them. Write us for a descriptive catalogue.

Cut shows re-enforced metal at the bottom of spindle.

LOOSE LEAF ACCOUNT BOOKS

Enable you to increase the volume of your Business without correspondingly increasing the expense in your Accounting Department

DOES OUR PERPETUAL LEDGER SAVE YOU MUCH TIME?

6349 Bookkeepers who had used our books more than three years were asked this question
6186 of them replied in the affirmative

LEAVES ARE HELD IN A VISE-LIKE GRIP
WHEN BINDER IS CLOSED

PATENTED
DEC. 22, 1885
JULY 1, 1890
FEB. 27, 1900
MAY 15, 1900

THE PERPETUAL LEDGER

A leaf may be easily inserted or removed from any portion of the Binder without disturbing another

BAKER=VAWTER COMPANY

GENERAL OFFICE AND WORKS, CHICAGO

Western Office and Works
ATCHISON, KAN.

Eastern Office and Works
HOLYOKE, MASS.

SALES OFFICES IN ALL THE PRINCIPAL CITIES. WE VISIT EVERY TOWN
IN THE UNITED STATES

ADVANTAGES OF OUR SYSTEM

Perpetual

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

All Items of an Account

Are kept together, no matter what length of time the account covers, or how active it may be.

Live Accounts Only

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

Quick Reference

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

Saves Time Posting and Balancing

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

Arrangement of Accounts

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

No Spacing Necessary

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

Less Liability for Error

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

Expansive

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

Easily Handled

As both sides of the leaf are used for each account, a much smaller sized book can be used.

Facility

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

Convenience

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

Simplicity

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

Adaptability

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

Economy

In every case it costs far less in the long run—less in material, less in time, less in labor.

OVER 23,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY

**FACTORIES: CHICAGO; ATCHISON, KANSAS
HOLYOKE, MASS.**

SPECIAL LOOSE LEAF SYSTEMS

For the Purchasing Department

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System.

By the use of a number of these systems in combination, we not only accomplish what you now seem with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the O. K.'d invoice itself, and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts, which will save 25 to 50 per cent. of the amount of work done at present.

For the Sales Department

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks.

We can create an Order System, suitable to any business, whereby the original order can be used for filling, shipping, billing and charging the order, and thereby eliminate all journalizing of sales.

Billing and Charging System.

Adapted to most any business — an invoice and journal entry being made at one writing.

Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports.

For the Shipping Department

Safety Manifold Shipping and City Delivery Receipts and Books.

By the use of which errors in shipment are prevented and all possibility of loss through miscarriage eliminated.

For the Accounting Department

In this department we offer the greatest labor-saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers — General Sales and Creditors.

Perpetual Trial Balance and Proof Books, Journal, Cash and Other Auxiliary Books.

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers,

Pocket Ledgers and Collection Reports.

Monthly Statement System.

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System.

By which any number of clerks can work thereon at one time without the necessity of rewriting.

For the Manufacturing Department

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

For Banks and Trust Companies

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adopted for

General Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books.

Our Daily Balance Book offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department, saving time and labor.

Baker-Vawter Audit Department

Regular and Special Audits made for Corporations, Firms and Individuals. Financial and Physical Examinations by Experienced Auditors and Engineers. Takes Entire Charge of Corporation and Private Records, and Keeps Accounts of Executors, Guardians, Trustees and Receivers. Has Competent Practical Examiners for Banks, Insurance Companies and Other Financial Institutions.

A certificate from this company after a thorough examination is useful as a basis for credit, purchase or sale.

Complete Business Systems Devised

This Company makes a Specialty of Devising Complete Systems for Financial, Mercantile and Manufacturing Institutions, Employing all Well-known, Proven Methods and Appliances.

By means of these harmonious systems the results in each department are known in detail at the close of business. Accurate account is kept with all stock purchased and sold. By removing all friction between employees and departments, all work is greatly facilitated, and time and labor saved. Correspondence solicited.

BAKER=VAWTER COMPANY

OUR SECTIONAL POST BINDER

Holds securely one sheet or one thousand.

Has no long and unsightly posts projecting to catch on everything and be in the way.

Can be opened and expanded to receive leaves without removing the cover.

It is equipped with one-half and six one-inch sections for each post.

It is particularly adapted for filing records of any kind that require indefinite expansion.

PATENTED MARCH 17, 1897. DECEMBER 19, 1899.

Securely Locked by mechanism in top cover.
Key-hole shown in lower left hand corner of cut.

We have 60 salesmen covering the entire country. If one is not located in your city, he can call on you in a few days if you will notify our nearest office.

We are the originators and manufacturers of the Perpetual Ledger and many other Loose Leaf Labor-Saving Systems.

THE S-W. PERFECT METHOD OF CARRIAGE PAINTING

A system of undercoatings, elastic from primer to finish, giving greater speed, greater durability, greater beauty of finish, greater uniformity, and greater economy than any other method of painting. For all grades of work.

THE S-W. QUICK DRYING COACH COLORS

Give the widest variety of up-to-date shades to select from on the market. Of great purity and delicacy of tone; splendid body and great durability of color; finely ground; very economical.

THE S-W. VARNISHES

Thoroughly ripe. We are constantly aging over 300,000 gallons. Right in every respect. The best for carriage and wagon uses.

THE SHERWIN-WILLIAMS CO., PAINT & VARNISH MAKERS
CLEVELAND, CHICAGO, NEW YORK, NEWARK, MONTREAL, BOSTON, TORONTO, SAN FRANCISCO,

SOLID HALF ROUND BOTTOM

Patented Sept. 13, 1898.

No. 99.

Something new, as the name implies, it is a Fifth Wheel that does not rattle. It is designed to take the place of the Brester Notched Bottom, and possesses many advantages over any other wheel. We have every reason to believe that in the near future this will be the best-selling wheel on the market. In this wheel the rubber spring, which soon becomes dull and useless, is replaced by two spiral springs on opposite sides of the wheel, incased in a cast clamp, which neatly fits its bottom half, forming a guide for it to turn in, and is bolted (the bolts passing down within the spiral springs) to the top half of the wheel, which is forged solid with ears to receive the bolts. The tension being upward against lower half, prevents all rattling. The bottom is of solid half round iron, allowing the clamp to turn clear around to the axle clip without any chance of locking, allowing of from three to four inches more of a turn than any other wheel, and at the same time possessing greater strength and more wearing surface, will show, with the regular Brester Gear

The AMY... **FIFTH WHEEL**

For double reach, also single reach No. 97, for cut-under Surrey.

It is also very neat in appearance, and can be used very advantageously, as a glimpse of the Irons. We also make them for single reach, which can be used for cut-under Surreys. A trial will convince you that our claims are meagre.

JES-TE-KO J. SPENCER TURNER CO.,
71-73 WORTH STREET, COTTON DUCK.
NEW YORK.

JES-TE-KO is the latest and best substitute for leather.

JES-TE-KO upholstery leather is especially adapted for carriage tops and cushions, furniture covering, railway car seats, steamship and yacht upholstery, and nearly all purposes for which leather has heretofore been used. Is better than leather and costs half. Is waterproof and sanitary. Leather is not.

JES-TE-KO upholstery leather has a strong, handsome duck back specially woven. The surface coating of an unexcelled quality.

HARTFORD

Single Tube Pneumatic TIRE

Since the introduction of pneumatic tires for vehicle use, the Hartford Tire has withstood all competition as the speediest, most reliable, long wearing Single Tube Tire that was ever manufactured.

They Distinguish the High Grade Vehicle.

Every one is made as though our very reputation depended on its excellence.

THE HARTFORD Solid Vehicle Tire

Is made with the same uniform quality that characterizes our other product. Our reputation will not permit of our making any inferior article. These tires will be backed by our name as a guarantee of superiority.

THE DUNLOP DETACHABLE ...TIRE

Is remarkable for the simplicity and ease with which it can be repaired. It combines all the best features of other double tube pneumatic tires, with a few special virtues of its own.

WRITE FOR TIRE CATALOGUES AND FOR INFORMATION ABOUT OUR LINE OF FINE MECHANICAL GOODS.

The Association of American Directory Publishers

R. L. POLK, President. W. E. MURDOCK, First Vice-President.
W. H. LEE, Second Vice-President. W. H. BATES, Secretary.
R. H. DONNELLEY, Treasurer.

TRUSTEES:

W. E. MURDOCK, Boston.	W. H. BATES, New York.
R. H. DONNELLEY, Chicago.	W. H. LEE, New Haven.
A. V. WILLIAMS, Cincinnati.	A. G. WRIGHT, Milwaukee.
R. L. POLK, Detroit.	THEO. F. SMITH, St. Paul.
W. O. FOOTE, Atlanta.	

Secretary's Office, 21 University Place, New York.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

October 2, 1902.
